SWISSCLIC PANEL

DE Die innovative Lösung für Ihr ganzheitliches Raumkonzept: das präzise CLIC-System ermöglicht die einfache und schnelle Montage ohne Spezialwerkzeuge. An Wand und Decke werden die einzelnen Teile praktisch fugenlos zu einer Fläche nach individuellen Bedürfnissen zusammengefügt. So realisieren Sie Wohn(t)räume. Der Fantasie sind keine Grenzen gesetzt.

FR La solution novatrice pour créer votre concept d'ensemble de l'espace: le système CLIC précis permet un montage simple et rapide sans outils spéciaux. Les différentes pièces sont assemblées sur le mur et au plafond pratiquement sans joint pour créer une surface selon les besoins individuels. Vous réalisez ainsi les pièces d'habitation dont vous avez rêvées. Votre créativité ne connaîtra aucune limite!

IT La soluzione innovativa per la progettazione completa del vostro spazio: la precisione del sistema CLIC consente il montaggio semplice e rapido senza utensili speciali. A parete e a soffitto, i singoli pezzi si uniscono in modo pratico e senza giunti, per formare una superficie in grado di rispondere alle esigenze individuali. Nascono così ambienti da sogno. Non ci sono limiti alla fantasia.

EN The innovative solution for your concept of integrated space: the precision of the CLIC system make each installation quick and easy with no need of special tools. On walls or ceilings, the separate pieces are seamlessly joined to create the surface you want. Make the living space of your dreams comes true. There are no limits to your imagination.

ES La solución innovadora para su concepto espacial integral: el sistema CLIC preciso permite el montaje sencillo y rápido sin herramientas especiales. Las piezas se ensamblan en la pared y el techo, prácticamente sin juntas, formando una superficie según las necesidades individuales. Así realiza usted su(s) espacio(s) habitable(s). No hay límites para su fantasía.

PT A solução inovadora para o seu conceito espacial integral: o sistema CLIC preciso permite uma montagem simples e rápida sem ferramentas especiais. Na parede e no teto, as peças isoladas são montadas praticamente sem emendas, criando uma área em função das suas necessidades individuais. Assim se criam espaços de sonho, sem limites para a fantasia.
